Welcome to THE GOOD NAIL CO!

Our journey started with a simple desire—to create a curated collection of affordable, salon-quality press-on nails that would empower those who wear them.

"As the founder, I encounter a daily challenge - I can't wear face or eye makeup due to allergies, which led me on a quest to find a beauty product that suits me. I have always loved the look of beautiful salon-finished nails, however, working in a warehouse environment adds another layer of difficulty, constantly using my hands for picking and packing customer orders and unpacking the stock as it arrives. This made me believe that wearing beautiful nails was out of the question, as they would easily break or chip or even fall off in this environment. Visiting the nail salons wasn't feasible either, as the time-consuming application process didn't align with my busy schedule."

“The inspiration behind starting **THE GOOD NAIL Co.** stemmed from the realisation that there must be others like me who experience allergies to makeup but would still love to adorn themselves with beauty products. This understanding fueled my passion to create a solution that offers both fun and style. The turning point came when researching to find manufacturers and I found myself introduced to a range of beautiful, premium press-on nails. When testing the nails they not only defied my expectations by staying put through-out long working days but also made me incredibly happy that I can now wear and enjoy a beauty product that I am not allergic to!”

We believe that beauty should be inclusive and enjoyable for everyone. Our collection showcases a blend of fun and excitement through captivating nail designs that cater to all tastes and preferences, whilst also offering a solution for those who have busy lifestyles but still want to maintain a beautifully manicured look at all times.

Join us on this journey as we redefine beauty with our affordable Salon-Quality Press-On Nails, offering you a way to express yourself with our beautiful designs.

Let your nails tell your unique story with **THE GOOD NAIL CO.**
